SAVOIR FAIRE IN ELECTRONIC...

Description

At M2S Electronics, we have a complete range of surface mount assembly lines (SMT) that allow us to process your small or large production runs.

Surface mount technology has advanced rapidly making the components and circuit boards increasingly smaller and more powerful than their thru-hole equivalents.

Our assembly equipment and our qualified staff allow us to meet all your needs.

- **AUTOMATED COATING**
- **CONTINUOUS IMPROVEMENT PROJECTS**
